November 18, 1980

Mr. Dennis Degner  
Regional Project Officer  
EPA Region 7  
P.O. Box 15606  
Kansas City, MO

Dear Mr. Degner:

On September 19, 1980 I mailed EPA form 8700-12, Notice of Hazardous Waste Activity, to you in an effort to receive a EPA 12-digit identification number from you and inform you of our activity as a generator.

I have had many telephone conversations with your office and to no avail. On November 3, 1980 I mailed a photocopy of the original application replacing the misplaced form in your office.

Today we are accumulating waste solvents and soon will be able to store no more. If we do not receive the requested number, we will have to close down our residue chemistry section.

Please give this matter your immediate attention.

Sincerely,

  
Lawrence M. Srader  
Assistant Director
